Home to You

1 4 1
Get out the way I'm comin' through
4
Without delay Straight back to you
3 1
Clear the tracks And the highways too
3 4 1
I'm on my way Back home to you

Chorus:

4 1
I can't wait another day
4 3 5
So now I'm on my way
1 4
I'll ride the high roads, and the low ones too
1 3 4 1
To make my way Back home to you

Old roads/New ones too
Back roads/Front ones too
Smooth roads/rough ones

Too far from home And feelin' blue
No lovin' arms To help me through
Clear the lanes And the avenues
I'm on my way Back home to you

No one knows What I've been through
Miles from home And missin' you
Clear the roads And the freeways too
I'm on my way Back home to you

It's been too long Since I been away
But we both knew I'd be back someday
Clear the rails And the turnpikes too
I'm on my way Back home to you
