

## Somewhere Bound

A  
I want to gaze upon the mountains

D A  
One more time before I go

E  
Where the trees are tall and the rippling waters flow

A  
I want to walk along the pathways

D A  
That I traveled long ago

E A  
And say goodbye to the places that I know

### Chorus:

F#m A  
Somewhere bound, I'm headed for a land far away

G D E  
That glistens high above the clouds

F#m A  
Somewhere bound, I will meet you there again some day

E A  
But for now I'll be leavin' somewhere bound

### Verse 2:

I want to laugh with friends and family

One more time before I go

Let our thoughts drift back to the times from long ago

I want to mend those broken fences

Before this life is o'er

And bid a fond farewell to the people that I've known
