The Best in Me

1 4 5
Sometimes it seems, like I just can't win
1 4 5
Too many dreams, fade before they begin
6m 4 1 6m 4
When I look into your eyes, I find the strength within
1 4 6m 5 1
To find a way, to start all over again

Sometimes I lose, my perspective and then
I sing the blues, as my world crashes in
Then I look into your eyes, and soon I comprehend
That I'll find a way, to start all over again

Chorus:

4 1
You've always seen the best in me
6m 4 1 4 5
Even on the darkest nights, when my own eyes fail to see
4 1 4
The faith in your heart, forms the love that holds the key
6m 4 1 5 1
A love that always sees the best in me

Sometimes it seems, like there's no hope in sight
Too many dreams, slip away in the night
Then I look into your eyes, and my doubts come to an end
And I find a way, to start all over again
