

These Walls

1 5
Rail to ride; wings to fly

1 4
Need some help so I can try

6m 5 1
To break through these prison walls tonight

Rope to climb; wheels to roll
Need a way to make my goal
And break through these prison walls tonight

Chorus:

4 5 1
I been stuck in jail way too long

4 5
In a tiny cell for doin' something wrong

4 5 1
They locked me up, threw away the key

6m 4 5
Now all I do is dream of breakin' free

Walls are high; bars are strong
I'm trapped where I don't belong
Got to find a way to leave these walls behind

Shoes to run; oars to row
Need some luck so I can go
And break through these prison walls tonight
