Time Marches On

1 4 1
Time passes by far too quickly
4 5
All that's here today is soon long gone
1 4 1
Look into the past and clearly you'll see
4 5 1
Time marches on and on and on

Chorus:

6m 4 1
Give me a moment to clear my head
6m 4 5
Time is moving oh so fast
6m 4 1
Give me a moment to catch my breath
4 5 1
Slow it down and make this moment last

Verse 2:

Make hay while the sun shines, that's what they say
Nothing stays the same for too long
Don't wait until tomorrow for a new day
Seize the moment now before it's gone

Verse 3:

Once this day is done it's gone forever
To join a thousand years of yesterdays
Memories are the keepsakes and the treasures
For us to keep as time moves on its way
