

## Wild Winds

G

Long ago, I used to ramble

F D

With my family to the pines

F C

There we camped and laughed together

D G

And enjoyed the best of times

Though I was young, I still remember

Happy days among the trees

Peace and freedom in the mountains

Are my favorite memories

F G

Find me high upon a mountain

F D

Where the winds blow wild and free

F C

Where the heavens and the earth blend

D G

Into the place I want to be

Now today, when I go ramblin'

You will find me mountain bound

Searching out the quiet places

With wild country all around

-- CHORUS --

When I grow old and quite my ramblin'

Leave my wandering days behind

You'll still find me in the mountains

If only in my mind

-- CHORUS --
